## **St Barnabas community hospital Case for change**

24 April 2019

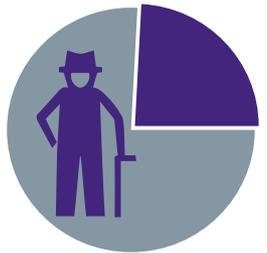

## Saltash: At a glance

**23,600** people  
live in the catchment  
of St Barnabas  
Community Hospital

**18%** of people  
have a **limiting long-term  
condition**, compared with  
18% across England.

**24%** of the population  
are **older than 65**,  
compared with 22% of the  
south west, and 18% of  
England.

**11%** of **children  
are living in poverty**,  
compared with 17%  
across England.

**14%** of households  
**have no car**,  
compared with 26%  
across England.

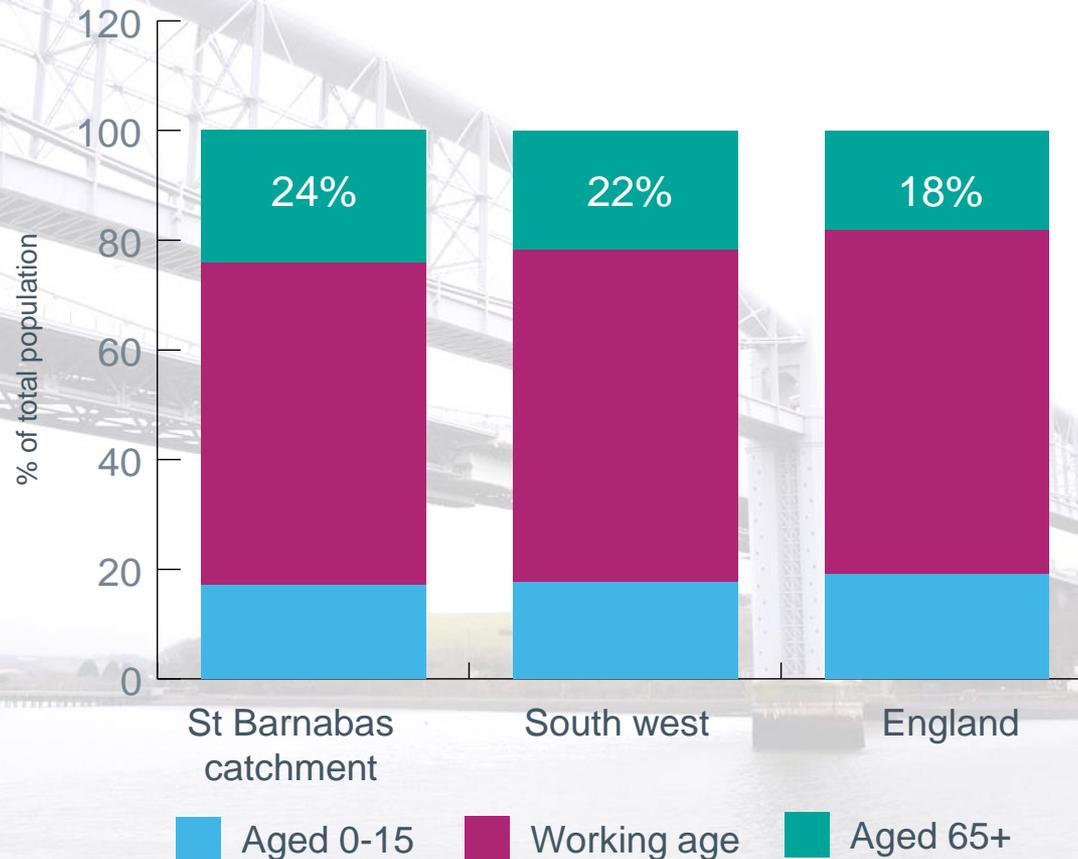

**5%** of households  
**lack central heating**  
compared with 3% across England

## Saltash : Key facts

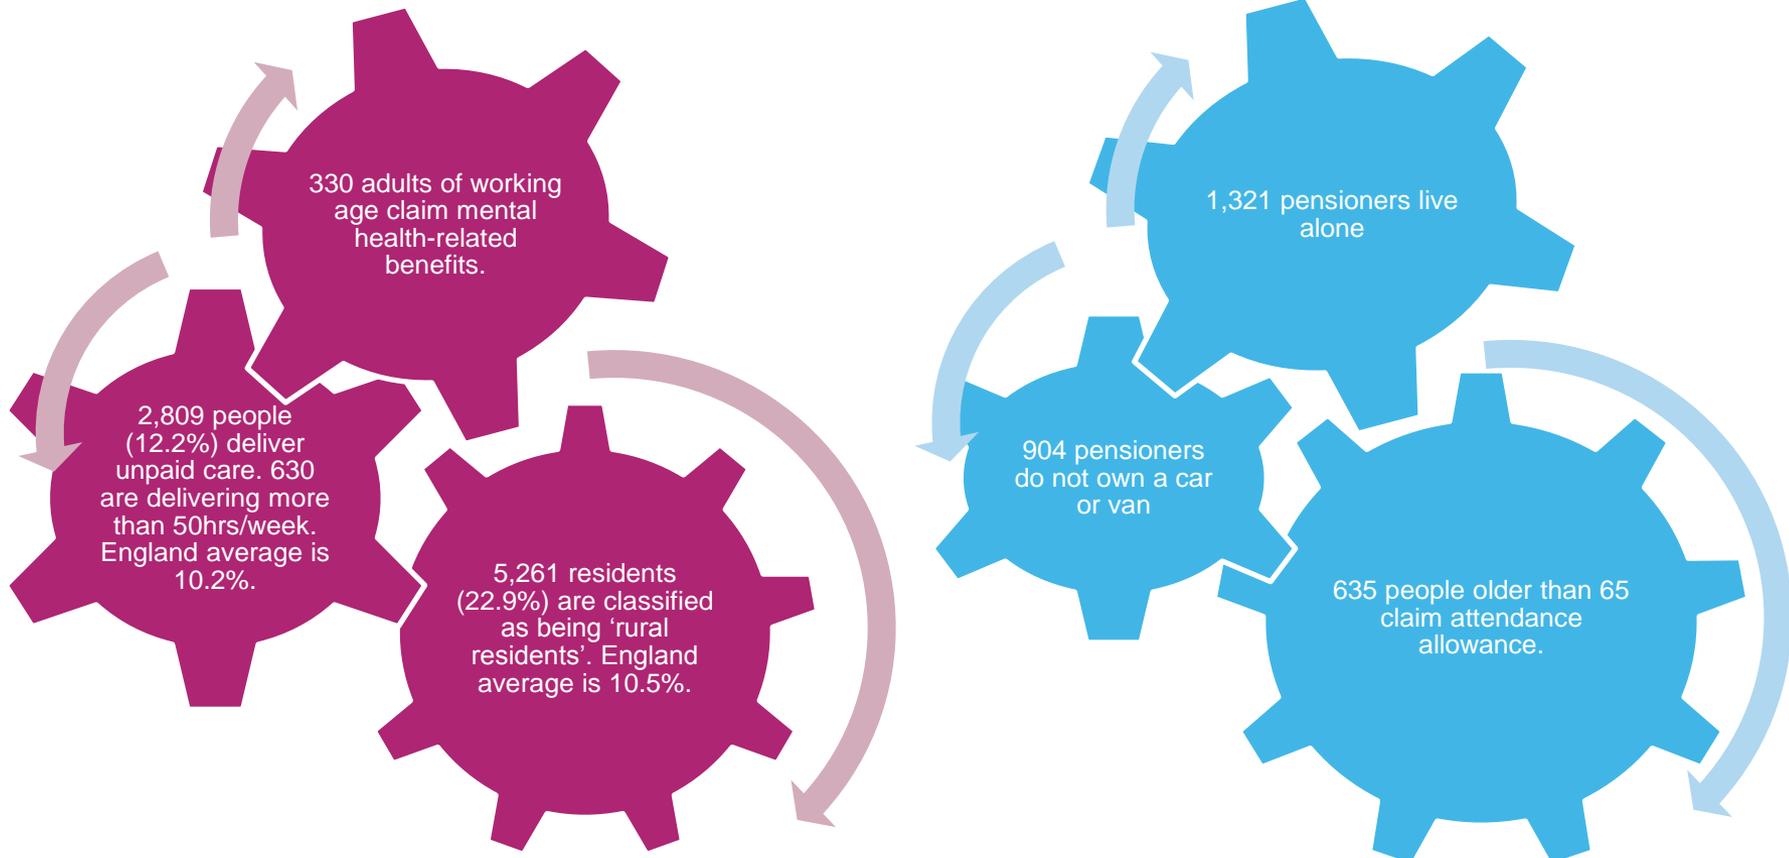

The dependency ratio (ratio of non-working age) to working age of 0.7% is higher than England average of 0.59%.

## Saltash population needs

Whilst some of the population needs are not unique to the Saltash area and are in line with the England average, there are higher than the England averages for people with mental ill health, older people, more rural residents and more older people living alone-with a significant number without transport. Loneliness and isolation may well be a significant factor to consider here.

## Facts and figures

Higher numbers of local staff are reaching retirement age:

**30%** of practice nurses

**29%** of GPs

**30%** of community nurses

### Care homes

No extra care housing beds to provide an alternative to long-term residential care.

No care at home providers in this area although other providers do operate in this area

### Hospital admissions

From December 2017 to November 2018, 42 people had their discharge from hospital delayed.

### Continuing Healthcare

73 people claiming NHS continuing healthcare, with a weekly cost of £31,851.
